### ABOUT ME:

- As a passionate coder in my third year at Unity University's computer science department, I'm constantly expanding my skill set by working on personal and collaborative projects.

### EDUCATION HISTORY

#### Academic Pursuits:

- Hey there! I'm a third-year Computer Science student at Unity University, and I've been cruising through with a GPA of 3.6. I'm all about diving into the tech world, making things work, and picking up cool skills along the way.

### LANGUAGE

- Amharic (Ethiopian)
- English (USA)

### HOBBIES

- Swimming
- Playing game
- Exercise (GYM)

### TECHNICAL SKILLS:

- Designing :**
  - Photoshop beginner level
  - Figma for prototyping and website designing
- Full Stack Development:**
  - Proficient in MERN (MongoDB, Express.js, React, Node.js) and PHP-MySQL technologies.
  - Ongoing projects showcase my skills in developing dynamic web applications.
- Programming Languages:**
  - Actively learning and applying C++ and Java to broaden my skill set.
  - Can write algorithm and code using oop
  - java script , PHP
- Front-end Development:**
  - Skilled in crafting responsive designs using Tailwind CSS and Bootstrap.
- DevOps and Version Control:**
  - Experienced in Docker for efficient containerization.
  - Actively contribute to collaborative projects using Git.
- CI/CD and Web Servers:**
  - Engaged in building CI/CD pipelines using Git Actions and GitLab.
  - Proficient in configuring and managing Nginx.
- Cloud and Testing:**
  - Exploring cloud computing with beginner-level knowledge of AWS EC2.
  - Utilize Selenium for front-end testing and Mocha for API testing.

### EXPERIENCE

- No official job title yet, but I've been in the coding game for a solid 2 and a half years. I've been cooking up personal projects and teaming up with friends for coding adventures. It's been a blast, and I've learned tons along the way!

### SUMMARY

- As a dynamic and ambitious individual, I bring a blend of academic knowledge, practical coding experience, and a commitment to ongoing growth. Eager to contribute my skills and enthusiasm to a dynamic development team, I am poised to make a meaningful impact in the world of technology.
